Re: Easy Scheme 1.5.6 – release information

Please note that version 1.5.6 of Easy Scheme software for pneumatic diagram drawing is now released.

Among the new features, this update offers the publication of symbols for the following product families:

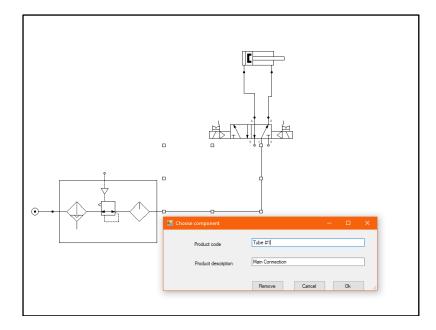

- Sensors type Square
- EB80 Valves type J-G-R
- SV multi-fluid process valves
- Series 70 3/2 dual
- Series 70 Safe air
- EB BOXI
- ISO 15552 cylinders with end-of-stroke stop
- Pilots with M8 connection
- SY pilot-operated regulator
- Multi-function modules for EB80
- Valves series BASIC

The numbering of connecting pipes is also provided. Now you only need to select the length of pipe involved and click the right mouse key to define the attributes (code and description).
